OC-2041-84
13 September 1984

MEMORANDUM FOR: Director of Communications

25X1 FROM:

[REDACTED]

Acting Chief, Management & Liaison Staff, OC

SUBJECT: Weekly Staff Notes, 3-7 September 1984

1. AC/MLS, OGC representatives and DD/FBIS met with a cleared COMSAT General representative to discuss a potential legal problem vis-a-vis FBIS' operation of earth terminals. There is no problem according to COMSAT, and FBIS will shortly request a full transponder be reserved for them and begin the contractual and host country negotiations necessary to initiate their INTERNET program. DD/FBIS commented that there was a strong feeling in his office that OC should be responsible for FBIS requirements by FY-87 and approached AC/MLS regarding OC's willingness and capability to support INTERNET.

2. AC/MLS attended a Defense Commercial Telecommunications Network (DCTN) briefing at DCA Headquarters on 10 September. DCTN is a comprehensive and ambitious DOD initiative to consolidate existing and future DOD CONUS digital requirements into one integrated network. AT&T was awarded a phase one contract circa March 1984. DCTN would have significant impact on DND's network. DCA requested our requirements by December 1984.

25X1 3. PPBG scrubbed the Divisions for surplus funds and has gone forward to the Comptroller to convert approximately \$600K in funds to PRA. The \$200K of PRA will be used in connection [REDACTED] The remainder will be redistributed to OC's operating elements.

4. Funds in the amount of \$300K was provided to AFCA for area fuel costs. The additional \$102K was transferred to AFCA for TDY quarters for OC personnel.

5. OC's R&D requirements for FY-87 were submitted to the DDA Planning Officer. Basically, this submission revalidated R&D requirements submitted during the FY-86 R&D exercise plus a few new initiatives. A representative from MLS will be attending a meeting on 12 September in the DDA Planning Office to rank the submissions by the offices in the DDA.

25X1

7. General Powers has named Ben Morris as the Acting Deputy Manager for the NCS.

8. Because the IDOC and 308 fiber optic communications systems will not be available in time to satisfy near-term CRAFT/TERP-IIA interface requirements, CSD has agreed to consider temporary changes to existing installation criteria that would allow timely activation of the interface.

25X1
25X1

9. The CRAFT Program Manager, AC/MLS and representatives from FND/SOG/FEB/CRM met with C/DO/IMS/FSG and his staff to discuss placement of the CRAFT Common Equipment (CCE).

25X1
25X1

10. The CRAFT Program Manager, the CRAFT Resource Manager, and OC-FND/SOG/FEB representatives met with C/DO/IMS/FSG to discuss CRAFT installation scheduling and FND's perceptions that a projected installation rate may be difficult to achieve. As an outgrowth of this discussion, it was agreed that, for purposes of accounting, an installation of a single Alliance 7550 system will count as one installation.

25X1

S E C R E T

SUBJECT: Weekly Staff Notes, 3-7 September 1984

25X1 This is a departure from previous practice which was to count each geographic location as one installation regardless of the number of systems installed. It was further agreed that installations would proceed at a rate

25X1 The locations and schedule of installations for the first and second quarters of FY-85 were identified and agreed to.
